

# ADECO® ARCTIC FLASH

### **Product Description:**

A special cleaner for washing and freezing preventing of windscreens of motor vehicles (ethanol based), with increased cleaning effect.

### **Purpose:**

ADECO® ARCTIC FLASH enables efficient removal of ice, salts and the other impurities. Prevents freezing of nozzles (sprinkles) for washing of windshields. Does not damage color, metal and rubber parts of the vehicle, and provides high transparency and brilliance of glass. Pour without dilution directly into the windshield washer container. Does not contain methanol (methyl alcohol).

Enriched by a mild scent of eucalyptus. Does not freeze up to -20°C, verified.

### **Physical and Chemical Properties:**

<b><i>Characteristic, Unit</i></b>	<b><i>Referential Values</i></b>	<b><i>Method</i></b>
Appearance	Clear, green liquid	Visual
Smell	Characteristic	Organoleptic
Freezing Point, °C	min -20	Refractometer
Relative Density at 20 °C, g/cm <sup>3</sup>	0,955 – 0,965	ASTM D 1122
Solubility in water	In all relation	-

**Packaging:** 1 L, 2 L, 3 L, 5 L, 1000 L
